

Certificate of Equipment from the Commonwealth of PA

*It is recommended that before the **ROBIC SPEED TIMER** is used for speed-timing, it is certified by an approved testing station and by the Commonwealth of Pennsylvania.*

Upon purchase of the **ROBIC SPEED TIMER**, the stopwatch should be serialized and tested for accuracy by an approved testing station.

Once the stopwatch has been tested and the approved testing station has issued a Certificate of Accuracy, you should have the device approved by **PennDOT**.

Send a request to **PennDOT** on your department letterhead **signed by** the Chief, OIC or person in charge of the department requesting that a **Certificate of Equipment** be issued for the **ROBIC SPEED TIMER**. You must enclose a **COPY** of the **Certificate of Accuracy** with the letter of request.

Send the request to:

**Vehicle Inspection Division
Attn: Doug Cohn
3rd Floor ROC
1101 S Front St
Harrisburg, PA 17104**

When the Vehicle Inspection Division receives this request, a **Certificate of Equipment** is issued to the requesting department. This certificate will list all pertinent information concerning the **ROBIC SPEED TIMER**. The certificate will have a **PennDOT seal** attached to it. This certificate **SHOULD** be introduced into evidence at every hearing or court secession that a citation was issued.

PennDOT (717) 783-5955
